## Project Children needs host families

To the Editor:

Project Children's Syracuse Chapter is proud to be celebrating our 30th anniversary bringing children from Northern Ireland to Syracuse for a four-week summer program, and we're looking for new host families throughout Central New York to help us again this summer.

The children will arrive in Syracuse June 30 and stay until July 28. Being a host family is easier than you might think — and a tremendously rewarding experience!

To find out more about hosting a child, please join us for an informational meeting Tuesday, March 2 at 6:30 p.m. at the Cicero Library. Or visit our new Web site at [www.projectchildrensyracuse.org](http://www.projectchildrensyracuse.org). You'll be glad you did, and you will be helping make an important difference in a child's life.
